Do you have Dermatitis Herpetiformis (DH) ?

People with Dermatitis Herpetiformis have to be cautious with all of their skin products that may contain gluten. I contacted Cecelia's Marketplace website to obtain a list of shampoos and conditioners that would be suitable to use. Some of the products are listed below that I have found in the area. I can't tell you how wonderful it is to not scratch my scalp all day long every day!

HELP!

EMERGENCY!

What in the world will I do about my food?

Popcorn Flour

Ever heard of it? I haven't, but it is gaining fame. You can't find it in the grocery stores, but it is easy to make at home.

Air pop a batch of popcorn and discard the unpopped kernals. Place a small amount of popcorn in a food processor and process until finely ground.

Try it as a flour and let our group know what you think!!

Fruit Bon Bons

- 1 14 oz can condensed milk
- 1 cup blanched or slivered almonds, ground
- 2 7 oz pkgs. of flaked coconut
- 1 tsp. almond, rum, or coconut extract
- 1 6 oz pkg fruit flavor gelatin (or 2 3oz boxes of jello)

Combine condensed milk, coconut, 1/3 cup of gelatin, almonds, & extract in a large mixing bowl. Chill for 1 hour or until firm enough to handle.

Shape into 1 inch balls. Roll 3–4 balls into remaining gelatin until coated. Place on wax paper and chill. Store in plastic bowls with tight lid. Keep refrigerated for 1 week or freeze for months.

To further decorate -

After an hour in refrigerator, dip bon bon bottoms into a can of white or chocolate dipping sauce and stream some of the sauce around the tops of bon bons with a fork.

Makes about 5 dozen
